Think back throughout your time in school so far and reflect on all of your classmates. Were there any classmates/students that you would deem as GOOD students? Why? What characteristics did they have? What did they do that made them GOOD students in your eyes? Were there any classmates that you would deem as NOT SO GOOD students? Why? What characteristics did they have? What did they do that made them NOT SO GOOD students in your eyes? Who was the BEST student that have ever known? Why do you believe that he/she was the “best” student you have ever known? What did he/she do that made them the best in your eyes?
